## Junior Java Developer

Java Backend yo'nalishida PDP Academy'da ta'lim olib, Spring Boot, REST API, JWT va PostgreSQL kabi texnologiyalar bilan ushbu sohada chuqur bilim va tajribaga ega bo'ldim. O'qish jarayonida E-commerce, Task Manager va Online Book Store kabi loyihalarni ishlab chiqdim. Bu loyihalar orqali autentifikatsiya, rollar asosidagi ruxsat, ma'lumotlar bazasi bilan ishlash va RESTful servislar yaratishda tajriba orttirdim. Kod yozishda toza arxitektura va Git bilan ishlashni yaxshi bilaman. Endilikda jamoa bilan haqiqiy loyihalarda ishlashga tayyorman.
